## PROFESSIONAL SUMMARY

Economics graduate (Atılım University, Jan 2026) pursuing a second degree in Data Science, with hands-on skills in Python, R, SQL and Stata and a time-series forecasting project accepted for TÜBİTAK 2209-A support. Proven in client-facing roles: reached 150% of the sales target at Vienna Insurance Group and was promoted to Deputy Store Manager at Carrefour. Seeking a position in finance, banking or data analytics that fits my background, where I can turn data into clear, actionable decisions.

## TECHNICAL SKILLS

**Programming & Tools:** Python (Pandas), R (incl. Shiny), SQL, Stata, MATLAB, SPSS, Advanced Excel, SAP
**Analytics:** Time-series analysis, econometrics, multivariate statistics, supervised & unsupervised learning, data visualization
**Coursework:** Algorithm Analysis, Database Systems (design & SQL), Advanced Econometrics, Machine Learning, Multivariate Statistics

## PROJECTS & RESEARCH

**Migration Forecasting & Leading Indicators for Policymakers** — TÜBİTAK 2209-A · 2026
- Project accepted for TÜBİTAK 2209-A support; developed with one teammate.
- Designed an AR(1) time-series approach on FRED data (international flows, internal migration, foreign-born population) to forecast next-period migration and derive leading indicators for policymakers.
- Planned an interactive R Shiny application for visualization, analysis and forecasting.

**Customized Apparel & Gloves for People with Limb Differences (University for Society)** — METU · 2nd Place · 2023
- Team concept for made-to-order apparel and gloves, using depth-sensor body scanning and AI-assisted printing, delivered by courier.

**Academic Data Analysis Projects** — github.com/SirPersa
- Course projects (ECON 381, 484, 485) published on GitHub, including work in Python.

## WORK EXPERIENCE

**Financial Security Advisor — Vienna Insurance Group (Viennalife), Ankara** — Feb 2026 – Apr 2026
- Reached **150% of the assigned sales target** and built a portfolio of **17 active policies in 2 months**, earning a performance bonus from Viennalife.
- Spoke with **250+ prospects per month**, holding face-to-face meetings with more than half of them.
- Advised individual and corporate clients on life insurance and financial security products; built personalized financial plans through customer needs analysis.
- Managed the full sales cycle: lead generation, persuasion and closing.

**Cashier Supervisor → Deputy Store Manager — Gölbaşı Carrefour SA, Ankara** — May 2023 – Oct 2023
- Promoted from Cashier Supervisor to Deputy Store Manager; opened the store daily and was solely responsible for all products on the floor.
- Used SAP daily to track inventory and order missing items while consistently meeting revenue targets.

**Intern — Ministry of Treasury and Finance, Kırşehir Provincial Treasury** — Aug 2024 – Sep 2024
- Processed construction supervision collections and salary payments.
- Maintained bank collection records and prepared preliminary accounting entries and journals.

## LEADERSHIP & ACTIVITIES

- **President, Atılım Economics Club** (1 year): organized events to promote behavioral economics, including a visit to METU campus, and career talks with alumni who rose to CEO positions.
- **Atılım Career Ambassador** (selected by the Dean's Office): shared events and career opportunities with peers, mentored students as a role model, and helped organize career fairs, seminars, panels and company visits.
- **Model United Nations**: Delegate of Russia, Atılım University (2024).

## EDUCATION
